

October General Meeting

We had a most interesting meeting with our Guest Speaker, Lyz Taylor from Kinspirit Iris Farm. Lyz brought with her a wonderful variety of Louisiana water iris plants for members to buy. She had blooms for most of them so that we could see the actual flower.

Members used iris in their lovely exhibition arrangements. In particular, Elizabeth Fuller used a very different iris flower – *Dracunculus Vulgaris*, which was first seen in the Temple of Thutmose III in Egypt.
